

# CONFERENCE CAMPS

Conference Camp is designed to give each camper an opportunity to experience independence in a safe environment. Conference Camp will help campers make new friends with other campers and counselors from other churches. Over time, life-long friendships will grow and be nurtured. The goal of Conference Camp is to help the campers build a deeply loving Christian Community, and experience God's love within the Community. This is accomplished through the formation of small groups led by mentoring adults, as well as through all camp activities. The Director of the camp is responsible for the recruitment of counselors. See page 4 for Conference Camp Registration Form.
