

Junior High Camp / June 13-18

Junior High Camp is a must for younger youth beginning to navigate their way through the teen years. Along with the usual tubing, canoeing and fun and games, youth will have many opportunities to grow in their faith. Adults help to guide activities and discussions in a way that allows these young teens to ask and discover who they are in God's eyes and to begin to understand that God is calling them to be a part of a bigger plan. This camp is for youth going into 7th and 8th grades, which allows for them to share their questions and discoveries with others in the same stage of life. You only have the chance to experience this unique camp for two years, so make sure you attend this one while you can.
